

# DUTCH-CHINESE LIFE SCIENCE FORUM 2005

## Groningen, The Netherlands (October 7-8, 2005)

Dear friends and colleagues:

Since 2003, the Chinese Network of Life Sciences in The Netherlands (CNLN) has initiated and co-organized two successful forums in Wageningen and Leiden. We are very happy to welcome you in Groningen for the new forum which will be held in University Medical Center Groningen (UMCG) on October 7 and 8, 2005.

The objective of this scientific forum is to bring together both Dutch and Chinese professionals in life science fields in the Netherlands, to share new insights, and to provide extensive updates on the recent developments in basic and translational, and applied research in fields such as biology, bio-technology, agriculture, pharmacological and medical sciences etc. A detail program will be announced in the due course.

The organizing committee appreciates very much that the UMCG is willing to provide the local hospitality and we are looking forward to a successful meeting with your support and active participation!

Yours sincerely,

Yi Liao, PhD, Chairman  
C. Qian, MD, Secretary General  
On behalf of the organizing committee
